Invitee response rate   33.5%

Due to the significant increase in student population of the Computer Science program, the Carleton Computer Science Society is proposing a student levy to support the growing demand for student organized Computer Science related events and services.

Do you support the creation of a $2.50 per term levy for all full-time undergraduate Computer Science students indexed to the Consumer Price Index, starting in the Fall of 2025, for the Carleton Computer Science Society?

Response	Number of Votes	% of Valid Votes
Yes, I support the introduction of the Carleton Computer Science Society levy starting in the Fall of 2025.	**629**	**80.7%**
No, I do not support the introduction of the Carleton Computer Science Society levy starting in the Fall of 2025.	150	19.3%
Abstain	37	N/A
